ANTIOCH, ILLINOIS, THURSDAY, JUNE 3, 1971

VOL. LXXXV. NUMBER 50

The Antioch Middle Grade School is in rehearsal in preparation for its trip to Washington, D.C. where the band will play on the steps of the Capitol and at Walter Reed Hospital. Band Director George Olisar, his shirt unbuttoned, points to a note for three members, left to right, Mary Ellen Krieger, Mitchell Witt, and Chris Wiczorek.

Grade School Band To Visit The Capitol

The Antioch Middle Grade School Band is in the midst of heavy rehearsal in preparation for their visit to Washington, D.C. Band Director George Olisar said the band has a full schedule for its Washington trip. They will leave by bus June 17. In Coatsville, Pa., they will stop to perform at the Veterans Administration Hospital.

In Washington, the band will play on the steps of the capitol and at Walter Reed Army Hospital.

To make the trip even more memorable and exciting, the tour will include standing in the inspiring shadows of the Washing-

ton and Lincoln monuments.

The Federal Bureau of Investigation will host a tour. For an extraordinary treat, the group will lunch in the senators' cafeteria.

The band will return June 23 after a one week tour.

Mrs. Mary Bruski is the tour co-ordinator.

Contributions are coming in to defray the expense of the annual trip.

Mrs. Elaine Palm, representing LaVerne Wood, of the First National Bank, presented Olisar with a check for \$100.

The bake sale, sponsored by the Antioch Grade School Band

Parents, raised \$140.

A donation also has been received from the State Bank of Antioch.

The summer Band Program will be held at the new Upper Grade School, starting June 11 and will go through July 2.

Transportation must be furnished by the parents.

The daily schedule running Monday through Friday is as follows:

8:30 - 10:00 Senior Band
10:30 - 11:45 Junior Band
11:45 - 12:15 Junior Band Lessons

1:00 - 2:00 5th Grade Band
2:00 - 2:30 5th Grade Lessons
2:30 - 3:30 Prep Band (Beginners)

There will be no band or lessons for Junior Band, 5th Grade Band or Prep Band on June 16, 17, 18, 21, 22 and 23.

These are the days the Senior Band will be on the Washington Concert Tour.

Examination Date Set For Apprentice Plumbers

Written examinations for aspiring apprentice plumbers in the Lake-McHenry Counties area will be held Saturday, July 10 at 8 a.m. at the Plumbing Apprentice School, 100 N. LeBaron St., Waukegan, according to James DiPietro, of DiPietro Plumbing, Inc., of Deerfield, chairman of the Joint Apprenticeship Committee of the Plumbing and Heating Industry of Lake and McHenry Counties.

Applicants who wish to enter the apprentice plumber field and learn the trade can obtain application forms from Plumbers Union Local 93, 100 N. LeBaron St., Waukegan (Phone 244-1755) or from the Plumbing and Heating Contractors Assn. of Lake and McHenry Counties, P. O. Box 447, Waukegan, Ill. 60085 (Phone 336-3303).

Applicants must be American citizens, between the ages of 18 and 25, except that an extension may be granted for military service; in good health and high school graduates or have an equivalency certificate.

Applications to take the test must be accompanied by copies of the applicant's birth certi-

ficate, high school transcript, high school diploma or Equivalency Certificate, and service discharge, if applicable.

Applications will be accepted without regard to race, color, creed, or national origin, according to DiPietro.

All applicants will take a written general aptitude and general knowledge test and then be given a personal interview. Assignment to contractor shops is on the basis of the standings in the written and oral tests, DiPietro announced.

In announcing the tests DiPietro said, "We have not been able to place all those who have taken the plumbing apprentice test the past two years because of economic conditions."

"The construction industry, however, is a vital factor in the economy of the country and all indications point to a continuing growth in the industry which should make the plumbing trade attractive to all young men who have mechanical aptitude and are willing to go through the five years prescribed training and related classroom instruction," DiPietro asserted.

23 Girls To 'Fly Up' Tuesday

Following a fun-filled, worthwhile year Oakland Brownie Troops 138 and 238 will have 23 girls "flying-up" to join Junior Troop 124.

On the evening of June 8 the girls who will receive their Brownie Wings are Lynda Buckingham, Karen Castaldi, Heidi Force, Sherrill Gers, Maryann Guzowski, Kathy Harr, Sandy Harris, Donella Jankovsky, Laura Jankovsky, Linda Kelley, Mar-

(Continued on page two)

Farmers Urged To File Report

Farmers protected for 1971 by the U. S. Department of Agriculture's all-risk federal crop insurance are urged to file their acreage report as soon as planting with the Federal Crop Insurance Corp., USDA, Freeport, Ill.

Lake Michigan water could be available to Antioch under a plan trotted out by the Lake County Public Water District.

Edward Brinton of Clark, Dietz and Associates-Engineers, Inc., Urbana, the district's consulting engineers, guessed that water could be sold to west Lake County communities in about a year and not more than five if the program proposed Wednesday night is "economically feasible." Questionnaires which were distributed to village mayors, trustees and public works officers were to be returned to the Lake County Public Water District as quickly as possible.

Results of the questionnaires will have to be tabulated to allow engineers to make their study on the basis of the information posted by the officials.

Brinton said water could be piped to Antioch by way of routes followed by major highways. The water would be sold wholesale and brought to the village limits where it would be distributed over the system servicing Antioch customers.

Brinton said numerous letters and telephone inquiries spurred the district to propose the sale of water to the communities including Antioch now supplied by deep wells.

His proposal called for the construction of transmission lines along major routes, construction of storage facilities and booster stations, and install meters to record the amount of water being pumped by customer-municipality.

Brinton said Antioch is one of several communities which have made inquiries about lake water. The water would be sold on a wholesale basis. What the charge to homeowners and business and industrial firms would be set by the village.

Brinton said in about 15 years, based on projected growth, Antioch will require about 1 million gallons a day.

The district would not maintain any underground lines in a village or other municipal limits. This responsibility would be with the municipality.

A second water treatment plant would have to be built in about 20 years, possibly in Shields Township to service customers in the southern part of the county.

It was estimated that the cost of implementing the proposed program would be about \$15 to \$20 million.

The Antioch delegation to the meeting was headed by Village Mayor Raymond Toft. Others in attendance were Village Trustee Vern Barnstable, and Public Works Superintendent Charles Maplethorpe.

Mike O'Neill, president of the 1971 Antioch High School senior class, and Chip Gross, will be the speakers at the June 6 graduation ceremonies in the new high school gymnasium. Donna Kessler and Reed Ano, queen and king of the 1971 prom, will serve as the official escorts at the 56th annual ceremony which will begin at 4 p.m.

Millburn Honors War Dead Without Parade

For the last 35 to 40 years the community of Millburn, Illinois, has held a rather unique, but beautiful and meaningful memorial day service.

No bands, marching troops, or rifle salutes, but none the less a meaningful tribute to our fallen servicemen.

It all began some time ago by Richard Martin of Millburn, who felt that the small community should be doing something for their war dead, some 73 at this time.

Because of him, each year the service is held in the quiet of the

quaint old cemetery just outside of Millburn.

The service itself is mainly built around the fourth grade class of the Millburn School, which has also become a custom for this service.

This year fourth grader Lois Hawk and other members of her class gave a reading concerning memorial day followed by a short talk by the Rev. Loren Messersmith, pastor of Millburn Congregational Church.

Following the main service the list of fallen servicemen was given and then the children of

the fourth grade took flowers and placed these on the graves of each serviceman.

This year the program was taken care of by Mrs. Alice Antioch.

(Continued on page six)

Lt. Heilgeist At Long Beach

Navy First-Lieutenant John T. Heilgeist, son of Mr. and Mrs. Joseph C. Heilgeist of 1320 Cedar Lake Road, Lake Villa, has reported for duty aboard the Cargo Ship USS Durham, Long Beach, Calif.

Antioch Gets \$2,551 In Income Tax Revenue

Antioch received \$2,551.21 as its share of the state income tax collected in March, bringing to \$114,407.44 collected in the fiscal year.

Lake Villa received \$872, and Lindenhurst, \$2,512.81.

The county was the recipient of \$62,704.67 bringing its state income tax receipts to \$429,002.93 for the fiscal year.

The Lake County total amounted to \$302,060 for March for a combined total of \$1,899,587.

Gov. Richard B. Ogilvie announced distribution of \$8,891,214.86 to Illinois counties and municipalities as their share of state income tax collected last month.

Of this amount, the governor said, \$7,465,211.57 went to cities and villages and \$1,426,003.29 went to counties.

"This month's distributions bring to more than \$54.5 million the amount of money Illinois has given her principal local governments since July 1, 1970," the governor said.

"Persons concerned with the current national discussion of the concept of sharing of federal revenues with state and local government should note that Illinois shares its income tax on a no-string basis and is reaping a statewide reward of healthier and more effective local government. 'Time and time again,' the

governor continued, "we have learned of some new and successful venture of local government in using this money, while at the same time we know that in many communities whose property tax structures have needed maximum relief, the income tax sharing has provided it."

Distribution of the income tax proceeds is made on a per-capita basis to cities and villages and to counties on the basis of the county population in unincorporated territory. Administrative chores under the program are handled by the Department of Local Government Affairs, which is headed by Director Robert J. Lehnhausen.

Agnes Hills Succumbs In Car Crash

An Antioch church leader was killed Sunday in a head-on crash on Rte. 45 and Kenosha County Trunk NN, south of Union Grove. The victim was Mrs. Agnes E. Hills, 77, of RFD 2, Box 84, Rtes. 21 and 83, Antioch, who was an active member of the Antioch Methodist Church.

She was dead on arrival at St. Catherine's Hospital, Kenosha, the Kenosha County Sheriff's Office, said.

The authorities said Mrs. Hills' car was struck by one driven by Kenneth L. Whittle, 41, of Burlington, Wis.

She apparently was enroute to her Antioch home when she was killed Sunday night. The report said she was driving south on Rte. 45 when Whittle, headed north, crossed the center to pass another car collided with her vehicle.

Whittle suffered a possible fractured hip and a cut over the left eye.

He was taken to St. Catherine's Hospital, Kenosha.

She was born Dec. 22, 1894 in Antioch Township and lived here all of her life. She was an active member in the Antioch Methodist Church and is a member of the WSCS Ladies Aid, and Martha Circle of that church. She was a charter member and a Past President of the Antioch American Legion Auxiliary Unit No. 124.

Township Assn. Elects Murrie As Director

Betty Reed, West Deerfield assistant supervisor, has been elected president of the Lake County Township Officials Association. Lloyd Murrie of Antioch Township was named a director.

The annual installation and dinner-dance will be held Friday, June 4, at Brae Loch Country Club.

Other officers are Warren Miller of Cuba Township, vice president; H. W. Ellis of West Deerfield Township, corresponding secretary; Maxine Potter of Fremont Township, recording secretary; and David Anderson of Vernon Township, treasurer.

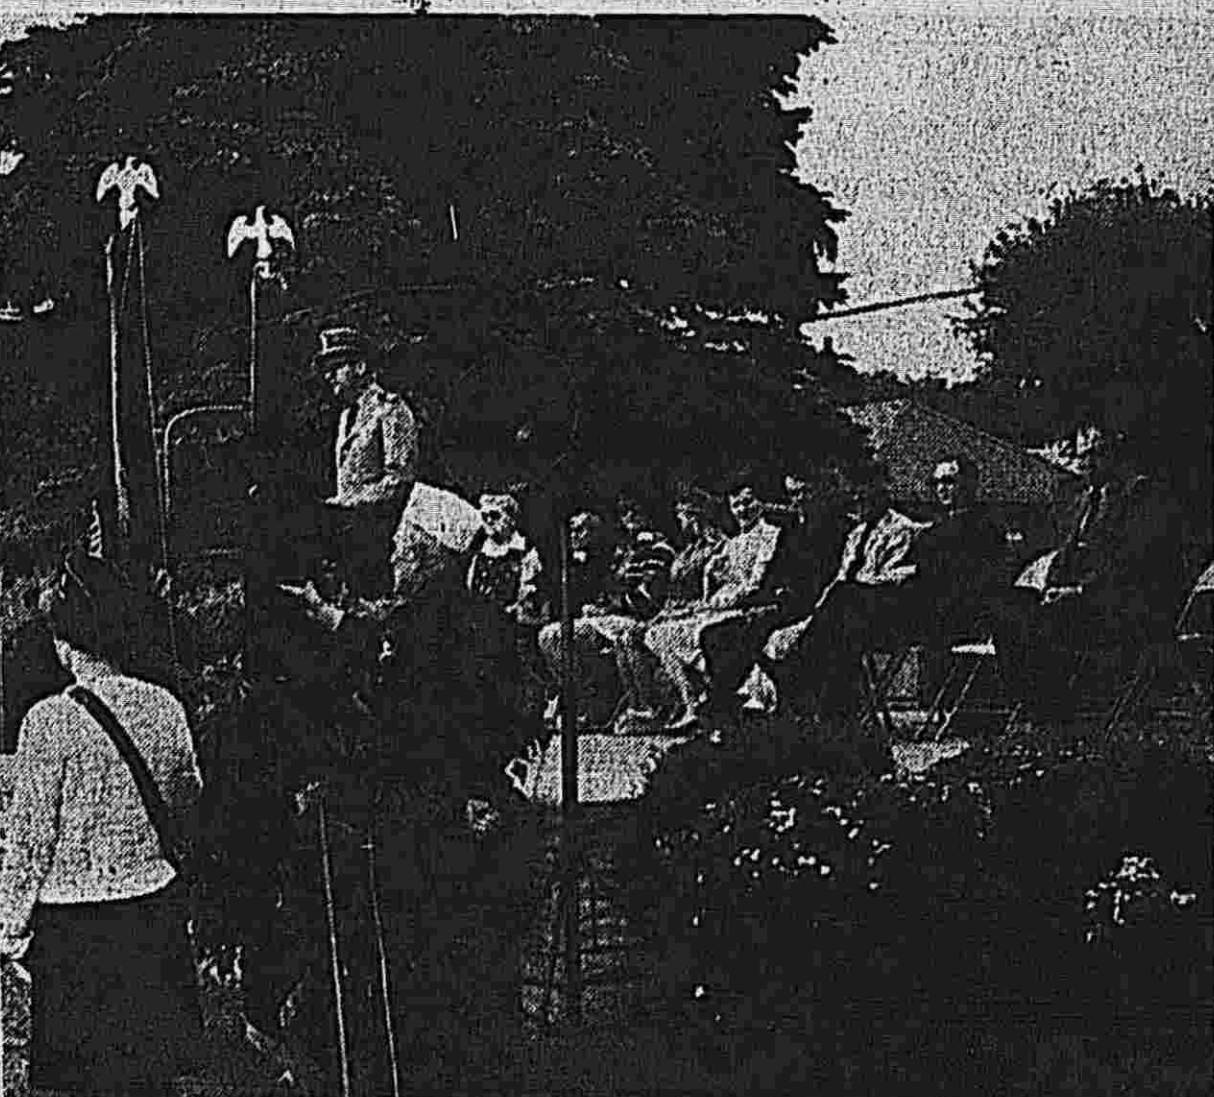

The association has postponed meetings during the summer and will resume its monthly sessions in September.

Flowers were placed on the graves of servicemen buried at the Millburn Cemetery. For the past 35 years, the community has held a service without bands, troops or rifle salutes.

Judge Harry Strouse delivered the principal address at the observance of Memorial Day in Lake Villa in which civic and patriotic groups participated.

Capt. Thomas J. O'Connor of the Great Lakes Naval Base spoke at the ceremonies honoring the village's war dead Monday. Seated at right is Village Mayor Raymond Toft.

Etiquette

The education of young people in the rules of etiquette appears to be an impossibility when they are scoffing at the rules that were considered a must several years ago.

There is little concern among the members of this generation for accepted dress codes and many of the courtesies once extended to women, or giving respect to people in high positions because of the position.

It cannot be said that young people are not versed in etiquette, though, because they do display some types of respect for people.

The key is the definition of etiquette.

In the traditional sense, etiquette is a code governing manners, conduct and dress.

A set of rules of this type makes little sense to a young person who is listening to the rhetoric of women's lib or the cries for more relevancy in our lives.

So, out of necessity, etiquette has evolved to a more applicable state of respecting other people and their rights.

In this form, etiquette is a much easier subject to teach. It is not hard to convince young people to display courtesy for people who show that they deserve this respect.

To be sure, the traditional concept of etiquette is being taught also. In physical education classes, boys and girls learn common courtesies of various sports.

Business courses offer insights into the etiquette involved in office procedures. Table manners are learned in home economics courses and in extra-curricular banquets.

Even the prom teaches etiquette.

Etiquette is not so much a subject that can be learned in school, though, as it is a way of life, even for today's generation.

Water

The Lake Public Water District has proposed to sell water to communities west of the Illinois Tollway.

This project will be launched only if it is "economically feasible."

The proposed lake water sale could be a boon to communities such as Antioch which depends on wells for its water.

Antioch is growing. Once the sanitary district plant is expanded, more residents are expected to settle in the community which has good schools, excellent shopping areas and accessibility to the metropolitan communities of Chicago and Milwaukee.

The fact that Antioch is developing is evident by the 24-hour dispatch service offered through the police department. And with lake water, there is no telling how far the village can grow.

It is a proposal the village board should consider seriously.

Memorial Day

Another Memorial Day has passed, but it was a sad one for Lake County and Antioch residents with the death of five persons in traffic accidents.

It is time that very serious consideration be given to put more teeth in the traffic laws to eliminate the carnage on the roads.

So far, Lake County's traffic toll has reached 44. The time has come for all law enforcement agencies to band together and fight for laws that will make it safer to drive on our roads.

Robert McClory

Your Congressman Reports....

As the nation moves from a wartime to a peacetime economy, a relatively high level of unemployment has persisted. This, in turn, has stimulated action in the Congress for emergency employment and job training legislation.

The two divergent proposals now pending in the House of Representatives are both aimed at the same objective: namely, more jobs and more training programs for the unemployed.

The Democratic sponsored bill (H.R. 3613) would vest major authority in the Department of Labor for manpower training and for authorizing temporary public service employment. Some \$4 billion would be available during the next 4 years at any time when national employment continued for 3 consecutive months at a rate greater than 4.5 percent. Applications for Federal funds would be submitted for the most part by units of Federal, state, county, and municipal governments. However, other governmental institutions such as VA hospitals and some non-public agencies operating within specified areas also would be eligible for public service employment and job training grants.

Principal opposition to the Democratic proposal is directed against those provisions which centralize authority in the Department of Labor in a manner similar to earlier manpower training programs such as the Job Corps, the Neighborhood Youth Corps, and others. Under the existing law, some 10,000 separate projects were initiated—each of which required regional and ultimately Washington approval.

The Republicans would meet the emergency unemployment problem by applying the principle of revenue sharing. Federal funds totaling \$500 million would be available at once for public service employment and job training to be equitably computed according to population. Instead of a centralized program, the G.O.P.-sponsored measure would grant primary responsibility to state, county, and municipal officials to expand opportunities for public service employment. Like the Democratic bill, this program would be triggered whenever the nation experienced an unemployment rate of more than 4.3 percent for a period of 3 consecutive months.

Public service employment under the Republican measure

The Brownie leaders are Mrs. Carolyn Buckingham, Mrs. Jan Hensley, Mrs. Judy Petykowsky, Mrs. Jan Thornburgh and Mrs. Elaine Weber.

McClory Calls For End Of Vietnam War

Congressman Robert McClory (R-Ill.) today called for American troop withdrawal from Vietnam by November 30, 1971.

The Illinois Congressman, a consistent support of President Nixon's Indochina policies, set forth his recommendation in a Concurrent Resolution in which total American troop withdrawal is subject to three conditions:

- 1) a total cease-fire by August 15, 1971, to be supervised by a UN Military Observer Group;
- 2) exchange of all prisoners of war by September 1, 1971, to be supervised by the UN Commission on Human Rights;
- 3) Commitments by North Vietnam and all other governments with military forces in South Vietnam to likewise withdraw by November 30, 1971—to be supervised by a UN Military Observer Group.

In a speech delivered on the Floor of the House of Representatives, Congressman McClory declared that his proposal "expressed the sense of Congress that all foreign troops be withdrawn from Vietnam by November 30, 1971."

He added:

"While this fixed date would

would include manpower and on-the-job training programs, and in addition would authorize training in vocational schools, community colleges and other educational institutions. The measure also provides for granting temporary work experiences and institutional public employment in order that participants might thereafter transfer to other suitable public or private employment. Under the Republican measure the role of the Secretary of Labor and the rest of the Federal bureaucracy would be minimal with the major roles being played by state and local government officials.

While the Democratic majorities in the House and Senate would seem to indicate overwhelming support for the Democratic bill; there appears to be far greater appeal among a cross-section of the Members of the House of Representatives for the Republican approach. Indeed there appears to be a general trend toward decentralization of government. This principle which appears to pervade all parts of the government structure has special appeal with respect to emergency employment. While the Bureau of Labor Statistics publishes the national rate of unemployment, the problems of unemployment are peculiar to each individual state and local area.

Emergency employment legislation may be enacted soon. An integral part of the new law probably will include the first substantial response to President Nixon's demand for — revenue sharing.

necessitate an acceleration in the present rate of American withdrawal, it would be conditioned upon elements which are implicit in President Nixon's peace policy, and, in my opinion, is entirely consistent with the Nixon Doctrine."

Congressman McClory added: "I realize that there are substantial differences of opinion as to the wisdom of announcing a fixed date for American troop withdrawal, and I share in the doubts many have expressed. Also, there have been questions as to whether Members of Congress should initiate proposals of this nature as a time when we look to the President to direct our foreign policy and to reestablish peace. However, Mr. Speaker, I am convinced that Members of

Congress have, indeed, an obligation to offer every bit of support and cooperation in behalf of terminating the dreadful conflict in Vietnam which has persisted beyond the tolerance of most of our citizens—a conflict in which we have more than fulfilled our obligations.

"Mr. Speaker, I am hopeful that the President and his advisers will receive this proposal with thoughtful consideration as a vehicle that would require the leaders of North Vietnam and of the Vietcong to demonstrate their sincerity and good faith in the cause of peace. This Resolution is also offered as a vehicle for attaining an early cease-fire and an exchange of prisoners of war as a part of the overall termination of this conflict."

Grove School Fetes Kids, Volunteers

The Grove School for the Exceptional Child held Honors Day on Tuesday, May 25, 1971. A musical program was presented by the students under the direction of Miss Linda Levey, music teacher. Virginia F. Matson, Executive Director of the school presented Mark Mortell, Glenview, his diploma.

Mr. William Bryant presented awards that were won in the Exceptional Children's Olympics held at Lake Forest College recently. The following students received awards: Arthur Toth, Mike Rosser, Charles Besinger, Robert Gilligan, Kevin Kirkeby, and Mark Mortell.

Doris Wright, Director of Volunteer Service, recognized all the volunteers at Grove School, commending them for the 322 hours of volunteer services they have given the school. Special awards were given to the following: Mrs. Harris E. Wilder, Lake Forest "Adult Volunteer of the Year" and Miss Gail Armstrong, Deerfield, "Teen-Age Volunteer of the Year"; Mrs. Richard Reid, Mrs. Hugh Rosser, Great Lakes, Mrs. Robert Cook, Lake Bluff, Miss Patti Davidson, Highland Park, Mrs. Chester Behning, Grayslake, Mrs. Joseph C. Tadelman, Deerfield, Mrs. Chester Jenkins, Lake Forest and Mrs. Roy Bractlin, Lake Forest were recognized as outstanding volunteers for the past year.

Special recognition was given to the Franciscan Fathers Seminars, Lake Forest, and Chief Warrant Officer Thomas Kelly, Great Lakes and the USN Radar School "A", who contribute many hours swimming with the children and helping in the Saturday Recreation Program.

Over 40 students come from

area schools to work in the day school setting as part of a community involvement program. These schools who have volunteers coming to Grove School are Barat College (14 volunteers), Trinity College (4 volunteers), Lake Forest College (13 volunteers) and Woodland Academy (12 volunteers). Mrs. Wright commended the students' enthusiasm for the program and the stimulation they added to the students' program at Grove School. The program ended with the Parents Club serving refreshments under the leadership of Mrs. Bernard Fine, Highland Park.

College To Graduate 226 June 6

Two hundred and twenty-six students will be candidates for graduation at the second annual commencement exercises of the College of Lake County.

The ceremony is slated for Sunday afternoon, June 6, 2 p.m. in the auditorium of West Campus, Waukegan High School.

One hundred and sixty-nine Associate Degrees—58 Associate of Arts, 49 Associate of Science, 24 Associate of Applied Science, 38 Associate of Applied Science in Nursing—will be conferred. Eight Certificates will be awarded to students who have completed one-year career programs.

Also to be recognized in the ceremony are 14 graduates of the Dental Assisting program and 35 graduates of the Practical Nursing program. Of the 226 graduates

The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION

Caution Is Key Word in Credit Transactions

When the federal "truth-in-lending" law was passed last year, it was hailed as a big victory for the American consumer. However, the Illinois State Bar Association says this law (officially titled the Consumer Credit Protection Act) does not release the consumer from his legal responsibilities or from using caution in his credit dealings.

The law calls for full disclosure of costs in virtually all credit transactions, whether borrowing cash directly, charging a purchase, or financing a car. Now, explains the ISBA, consumers can shop more intelligently for credit and distinguish between the different kinds of credit arrangements.

However, the bar group advises, the consumer should continue to exercise caution before becoming involved in credit transactions. In particular, buyers should ALWAYS read the installment sales contract BEFORE signing it, obtain ALL promises in writing, avoid long-term, high-interest, low-payment contracts and be sure to make payments ON TIME to avoid repossession or garnishment proceedings.

While exercising all of the above cautions, the consumer should also be aware of the protections afforded him by the truth-in-lending law and take full advantage of them. The ISBA cited some of the law's new provisions concerning real estate transactions and revolving charge accounts, as follows:

Mortgage contracts must disclose their annual percentage rate. However, in some cases, finance charges on a first mortgage do not have to be disclosed. Consequently, it is advisable for the borrower to ask the mortgage lender to compute the total finance charge before the final papers are signed.

Revolving charge accounts are directly affected by the full disclosure provisions of the law. A prospective charge account customer must be told the conditions of the credit agreement before he opens an account. In addition, he must be told what his billing cycle will be so that if he wishes he can make purchases early in the cycle and payments later on. Also, the customary 1 1/2% monthly service charge on charge accounts must be labeled as an annual percentage rate of 18%.

Lenders who fail to comply with the law, that is by either withholding information or giving false information are subject to a maximum penalty of a year's imprisonment, a \$5,000 fine, or a combination of both. Further, a borrower may sue the lender for twice the amount of the finance charge.

Patrolling of the law will be up to the consumer and to several government agencies. Most consumer-credit complaints should be directed to the Federal Trade Commission, Washington, D. C. 20580.

Antioch graduates include Patricia JoAnne Johnson, Emily Ann Milowald, and Robert H. Bode.

Mrs. Elaine Palm, representing LaVerne Wood of the First National Bank, presents \$100 check to Band Director George Olisar to defray the expense of the Antioch Middle Grade School's trip to Washington, D.C. this month. The band will leave June 17.

Off Ground Plants Bring Good Tomatoes

Use stakes, cages or other systems to keep the fruit off the ground if you want top-quality tomatoes. Major advantages are cleaner tomatoes, less soil rot and greater exposure to sunlight and you'll also find the tomatoes easier to spray and pick, says Ray T. Nicholas, Lake County Extension adviser.

The most common method of training tomato plants is to set a stake beside each plant. The stake should be about 6 feet long and 1 1/2 inches in diameter. Drive it into the ground at least 10 inches.

When plants are 12 to 15 inches high, remove all but one main

stem and tie it loosely to the stake with soft twine or cloth. As the plant grows, remove shoots or "suckers" that develop between the main stem and the leaves, up to the first fruit cluster. Above the first fruit cluster, let the shoots develop two leaves and then pinch off the tips. Tie the plant loosely to the stake every 10 to 12 inches.

Perhaps the easiest way to train tomatoes is to plant them in a cage. You can make a cage about 2 feet in diameter and 5 feet high with a 6-foot length of reinforcing wire. Set the cage over the plant and anchor it with a steel post or a stake to

keep it from tipping over. Mulch around the plant with straw before setting the cage in place.

A vigorous plant will grow up and over the top of the cage and you won't need to prune. And all fruits will be off the ground and of good quality. You may need to do some watering, and spray as necessary to control diseases.

HUD and VA in January approved a reduction from 8 to 7 1/2 per cent in interest rates on \$1 home loans guaranteed by VA.

Secretary on phone: "Our automatic answering device is away for repairs. This is a person speaking."

American Legion Auxiliary News

By Del Jahneke

The 37th annual "Pilgrimage to Normal" (the Illinois Sailor and Soldiers' School-ISSCS, at Normal, Ill., will take place on Sunday, June 6th, for the Illinois American Legion and the American Legion Auxiliary. This is the day anticipated with so much pleasure for both the ISSCS children, legionnaires and auxiliary members. The 10th District American Legion and Auxiliary have sponsored Harbord Cottage and the children there for many years. A delegation of some 70 members from the 10th District is expected to be in attendance.

According to Mrs. William Schultz, North Chicago, District Children and Youth Chairman, Legion Posts, Units and Districts furnish everything in the way of food and drink for the picnic dinners served in the Cottages sponsored by their particular District. Another traditional custom is to present a large gift and/or gifts for each child in the Cottage at this event.

This year, Mr. J. Amlong, recreational director of ISSCS, informs their sponsors that there will be a Boy Scout display, a Girl Scout display and a handicraft exhibit.

During the program, held at 2 p.m. in the school auditorium, the ISSCS children show a variety of talent in their own original performance. All 25 American Legion and Auxiliary Districts present their gifts after the show. This will be followed by a parade in which Legion Posts, Units, vehicles and drum and bugle corps participate. Afterwards, these musical groups entertain at all the cottages.

Mrs. Schultz urges all Legionnaires, Auxiliary members and children and youth chairmen, to go on this "Pilgrimage to Normal" as they will find it a worthwhile and enjoyable experience. The Antioch Unit children and youth chairman is Mrs. William Dowden, who has taken part in many of the activities of this program.

Christ Lutheran Confirms Twelve

Eleven young members of Christ Lutheran Church, Paddock Lake, confirmed their baptism faith during the worship service Sunday, May 23.

Presented for the Rite of Confirmation were Joseph Best, Deborah Bullis, Laurel Jacobson, Louise Kutz, Joanne Lippig, Brenda Merrill, Wilma Van Nieu, Vickie Van Patton, Vicky Voltz, Kimberly Webb and Ronald Wolff.

The students had participated in several years of religious education provided within the congregation.

Two large colorful banners, displaying "Symbols of God" and "Symbols of the Church," made by the confirmands, were hung in the sanctuary for the first time during the worship service.

Call 395-4111 to place a Society or News Item.

eké states that the judges were Mrs. Frank Kennedy, Mrs. Joseph Horton and Mrs. Ralph Fields, all from Antioch.

District Membership Chairman Mrs. Joseph Hogue, Waukegan No. 281, will bestow personal awards to the unit membership chairmen, whose Units had achieved 100% or "goal" in this program. The Antioch Unit, with Mrs. Lester Zitkus, as membership chairman, is a 100% Unit.

Delegates, alternates and auxiliary members are asked to be present at this District session.

The Antioch American Legion Auxiliary 728 will be holding their regular meeting on Monday, June 7, at the Antioch American Legion Home, at 8 p.m. Mrs. John W. Horan, President, will be the presiding officer.

The nominating committee, comprised of Mrs. Joseph Horton, chairman, Mrs. Frank Kennedy, Mrs. Samuel Pettigrew, Mrs. Ray Rathmann and Mrs. Ralph Fields will present the slate of unit officers. An election of officers, district, division and state delegates and alternates will be held.

At the Gold Star party meeting held previously, Gold Star Mother Mrs. Myra Randall, and Gold Star Sister, Mrs. Ralph Fields, were there. They received lovely gifts from the Antioch Unit—gifts will also be sent to the Gold Star members who were unable to be present.

Other honored guests were Mrs. Robert Broege, Deerfield, 10th District President; Mrs. Joseph Hogue, Waukegan, No. 281, District Vice President; Mrs. Herbert Gleason, Libertyville, District Secretary; and Mrs. Richard Brady, Gurnee, District Chaplain.

Due to a conflict of meeting dates, the members voted to hold their meetings on the first Monday of each month, instead of the second Monday. A donation of \$5 was made to the Antioch Rescue Squad.

All members of the Antioch American Legion are deeply saddened by the sudden death, in a car accident, of Mrs. Walter Hills, on May 30. Mrs. Hills (Agnes) was a charter member and a past president. She has been an active member all the years she has belonged to the Antioch Unit. "Agnes" will be greatly missed by all who knew her.

There will be a Draping of the Charter for Agnes Hills at the June 7 meeting. Hostesses will be Mrs. William Dowden, Mrs. F. A. Swenson and Mrs. Lawrence Yopp.

Mrs. Joseph Guadagnola of Antioch announces the engagement of her daughter Judi to Daniel Robert Saliba who is serving with the U.S. Navy in Okinawa. Mr. Saliba is the son of Mr. and Mrs. Mike Saliba of Rock Falls, Ill. An early Spring Wedding is being planned.

Mom-Daughter Dinner Date Set

A Mother-Daughter banquet is set for Monday, June 7, beginning at 6:30 p.m., in the fellowship hall of Christ Lutheran Church, Paddock Lake.

Offered as an opportunity for mothers and daughters of all ages to share an evening together, the occasion features a roast beef dinner and light entertainment.

Men of the congregation will be waiting on tables and washing the dishes.

The event is open to the public. If you don't have a daughter, "borrow" one.

How Salvation Army Doughnut Day Began

In the fall of 1917, during World War I, a group of Salvation Army officers and "ladies" serving in France, tried a batch of doughnuts over a homemade stove, on a rain-swept, muddy battlefield near Montiers.

They succeeded in bringing "a touch of home" to the doughboys of that war, bogged down, homesick, embittered, homesick, longing for some homely touch of America.

Within days, the story of the doughnuts—rolled with an empty bottle as a rolling pin—cut to pattern with a soldier's pocket knife, and fried in a small pan that held only seven doughnuts at a time—spread from end to end of the A.E.F. sector of France.

In appreciation of The Salvation Army's service during World War I, and especially the providing of homemade doughnuts, the returning doughboys organized and conducted the sale of doughnuts on the streets of many major cities, including Chicago. The proceeds from these sales were contributed to the work of The Salvation Army.

The doughnut and Salvation Army Service became inevitably and eternally identified with each other in the United States.

Later, in Chicago, the doughnut was used as a tag emblem on

various community fund-raising efforts in different parts of the City. As long as practical, real doughnuts were used. Eventually the paper doughnut tag was adopted as the lapel marker of those who gave to The Salvation Army.

Starting in 1939, an area-wide tag day was inaugurated. The paper doughnut was officially made a symbol of this day and this day's giving to The Salvation Army. Chicago is the only major city in the United States that has so continued the tradition of the doughnut.

The first doughnut tag day was conducted by approximately 500 volunteer workers, and a total of \$15,000 in income was realized. Through the intervening years the assistance of various organizations such as women's clubs, Parent-Teacher Associations, church groups, service clubs and industrial firms has increased the volunteer force to 9,000 annually, who raise an average of \$195,000 in the one day tagging effort.

Funds raised on Doughnut Day on Friday, June 11 will benefit the anticipated 200,000 men, women and children in the greater Chicago area and suburban communities who are helped during the year through social welfare services of The Salvation Army.

Museum Exhibit Popular With County Visitors

The Lake County Museum

came to public attention with the popular exhibit installed in the lobby of the County Building in Waukegan in late March. It will be replaced by a new exhibit in July. In the meantime much non-visible work continued at the Museum's office and shop complex in the old Quentin Road Nike Site. Volunteers have been cataloging new acquisitions, sorting and cleaning old ones stored in the missile bunkers 15 feet below ground and beginning work on the research library. Other volunteers have built partitions, helped set up shop tools and taken items home for restoration at leisure.

Perhaps the priority project at present is the library. Books from the old museum are being removed from their boxes, listed for cataloging and reboxed in preparation for their eventual shifting to 5 rows of shelves running the length of a room which will be the "stacks" of the library. It is not yet certain that this room will be large enough to hold all of the many boxes of books. After a random sampling of the contents of a few boxes, Museum Director, Harvey Versteeg feels we have the makings of a first rate research library. Also, once the library is set up and functioning, it is hoped citizens in the county will contribute their holdings to the county facility. The largest need at present is for volunteers to assist in this work. Persons with library training are particularly needed, but anyone who can copy information from a title page can help. Also, more file cabinets will be needed when the work moves from the books to the many boxes of non-book research material left by the old museum. If you have time or old file cabinets to contribute, please call 438-5765.

The volunteer work has evolved into a schedule of Tuesday afternoons, Wednesday afternoons and evenings, and Saturdays, beginning about 9:30. To accommodate this schedule, the Director works a Tuesday through Saturday schedule. It should be noted that the museum office hours for telephoning remain Monday through Friday, 9 to 5.

through Friday, 9 to 5.

If you wish to offer your time or skills at the museum, please call before you come. This will allow the staff to know when to expect you (the gate is kept locked at present) and will let you know if there will be a group working when you wish to come. Sometimes, particularly on Saturdays the work party may be away from the gate and you will not be able to gain admittance if you are not expected.

One example of an away-from-the-gate project is Saturday the 19th of June which is dubbed "Quonset Hut Day". On that day a crew of volunteers will be dismantling a quonset hut near Libertyville to be used as a rain cover over one of the 50 foot elevators at the Nike Site. Two of the three elevators to the storage silos are already covered. This will cover the third to add to the protection of the artifacts stored beneath. If you would like to help with this project, please call the Museum office at 438-5765 or drop a card to Box 412, Lake Zurich 60047.

Hairdressers Will Hold Dinner Meet

The June meeting of the Lake County Hairdressers and Cosmetologists Association Affiliate 13 will be held June 8 at 7 p.m. at the Northern Chalet in Libertyville.

Following the dinner meeting there will be competition comb-outs for the Lake County Hair Fashion Committee beginning promptly at 8 p.m.

Cpl. Grenus Takes Part In War Exercise

Marine Lance Corporal George A. Grenus, son of Mr. and Mrs. Frank R. Grenus of 406 W. Monaville Road, Lake Villa, recently participated in a Guerilla War-Tactical Exercise while serving with the First Battalion, Fourth Marine Regiment, Third Marine Division on Okinawa.

Jay Horton of Antioch, left, has a role in the stage hit "Cactus Flower," to be presented Saturday at the Wauconda High School auditorium. Shown with him is Dorothy Vanderflow. The June 4 performance has been purchased by the Wauconda Chamber of Commerce and is billed as a theater party to be followed by a buffet dinner. The play is presented by the Wauconda Players.

Mr. and Mrs. Robert H. Pedersen of Rte. 2, Antioch, announce the engagement of their daughter, Cynthia, to Stephen L. Hays, son of Mr. and Mrs. Alvin D. Hays, Rt. 1, Emerson, Iowa. The bride-elect is a student at Creighton University majoring in Cyrotechnology. She is a member of Sigma Sigma Sorority. Her fiancé is a graduate of Creighton University where he earned a B.S.B.A. degree in Accounting. He is affiliated with Beta Alpha Psi, an honorary accounting fraternity; and Delta Sigma Pi, a professional business fraternity. An August 6 wedding is planned.

Church Adds Worship Service

Addition of an 8 a.m. Sunday worship service, supplementing the present 9:30 a.m. service, has been set by Christ Lutheran Church, Paddock Lake, beginning June 6, according to the Rev. Philip Borleske, pastor.

The earlier service will be less formal, introducing various contemporary worship forms and especially adapted for families with busy Sunday plans. Greater lay participation in leading the worship will also be encouraged. The congregation's present 9:30 a.m. worship service will continue to be more traditional in form.

Also on Sundays during the summer—from 8:55 a.m. to 9:15 a.m. a family study package will be offered, with filmstrips and other activities for youngsters, dialogue and feedback sessions for adults.

The 8 and 9:30 a.m. Sunday worship services and 8:55 a.m. family study is open to the public.

ROYAL NEIGHBORS MEET

The Royal Neighbors Olson Camp No. 459 met at the American Legion hall May 25th.

Myrtle Delany marched in with the American Flag and all said Allegiance to the Flag.

All commented on what a huge success the rummage sale was.

Birthday song was sung to Nancy Thayer.

Cards were played and delicious sandwiches were served by Effie Nelson, Agnes Hills and Emily Novolny.

The next meeting will be held June 8th, at 8 o'clock p.m.

CHRISTIAN SCIENCE CHURCHES

There is a spiritual dimension to making full use of one's talents. This is the theme of the Lesson-Sermon entitled "God the Only Cause and Creator" to be heard Sunday at Christian Science churches.

"The human capacities are enlarged and perfected in proportion as humanity gains the true conception of man and God," a citation to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy states.

One of the Scriptural selections is from 1 Corinthians: "Now there are diversities of gifts, but the same Spirit. And there are differences of administrations, but the same Lord. And there are diversities of operations, but it is the same God which worketh all in all."

The public is welcome to attend First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Illinois. The Sunday service begins at 11 a.m.

"We All Use Ideas— But Where Do They Come From?"

Listen this Sunday to the Christian Science Radio Series for some interesting insights on this question.

Antioch's Sandberg Is Rifles' Head Coach

last season and was the club's leading scorer with 10 touchdowns.

He has been in the coaching ranks for some seven years and is presently sophomore mentor for the Antioch Sequoias. Sandberg led this club to a football championship last year.

He was also named head track coach at Antioch High this year. The Lake County Rifles foot-

ball team has lost a receiver and gained a head coach. After interviewing some 18 prospective candidates the Rifles went into their own ranks and selected Jerry Sandberg of Antioch as the successor to Gene Cichowski.

Sandberg starred as a flanker back with the Lake County team coach at Antioch High this year. He successfully guided his thir-

clads to a Northwest Conference title last week.

Sandberg's football playing days were spent at Northern Illinois University where he teamed up with former Rifle great, quarterback Lew Flinn.

Both he and Flinn combined to set numerous passing and reception records while with the NIU Huskies. After graduation he

enlisted in the Marine Corps for three years and then joined the coaching ranks.

He has been with the Central States League for four years. His first years were spent with the Rockford Rams, prior to becoming a member of the Lake County eleven.

Sandberg has selected a five man coaching staff. They will

be named and confirmed next week. He has already grabbed the reins of responsibility and has summoned all veterans to a special meeting Thursday evening. Rookies are scheduled to meet on June 17.

The Rifles begin 1971 practice June 28 at Carmel Stadium in Mundelein. All veterans have received their contracts in the mail. An additional 110 rookie contracts went out this week.

General manager Bob Amann reports that any interested former college, pro or service ball player may try out for the club this year. They are asked to call the Lake County Rifle office in Libertyville at 362-8050.

Northbrook Driver Wins 50-Lap Speedway Race

It was a wild night at the Waukegan Speedway Saturday night as Tom "Terrific" Jones of Northbrook wrestled into the 50 lap feature lead on lap 49 to score the win in the late model May Championship event.

Four demolished cars, one hospital trip, a track record, numerous blown engines and an unscheduled boxing match all added in for one of the most exciting nights of the year at the Wauke-

gan oval. There were no serious injuries, although Rich Whitmore of Zion was held overnight in the hospital following his high-speed crash into the first turn wall after his throttle jammed.

Al Gutche of Bristol, Wis., had one of the best nights of his ten year racing career as he won both the trophy dash and the fast heat race for the late models. In the feature, he and Jones tan-

gled in the second lap, dropping behind the field.

Both then drove a catch-up race until the 42nd lap when Gutche passed current point leader Bob May of Gurnee. Jones got past May one lap later and worked in front of Gutche with just two laps to go.

May was back in second on the final lap, but Gutche regained that spot on the second turn of the white flag lap and Jim Cossman of Waukegan running a close fourth at the time, was able to overtake May on the backstretch for third place money.

Following these four at the checkered were Lou Clavey of Deerfield, Herb Artelt of Wildwood and Bob Roper of Chicago. Roper was running a close second to May in the 32nd lap of the main when Bob Rilep of Antioch spun in his 1968 Javelin spreading oil on the track. Roper skidded squarely into the stranded car demolishing the front of it. Roper was able to restart and finish the race although his car suffered some damage.

The race was halted at that point to clean up the track and the oil on the track. Previously in the 19th lap Carl Major of Chicago blew his engine in the third turn covering it with oil and causing both Cossman and Jerry Learsch of Gurnee to spin. Learsch climbed the wall and was out of the race.

The feature had six leaders and the first place car never had a comfortable margin over the second place runners. Learsch led the first two laps, then Roper took over until lap six. At that point three cars passed Roper with Major in the lead. May took the lead on the 11th lap and held it until lap 42 when Gutche went in front. Jones lead just laps 49 and 50, but that was when it counted in the pocketbook.

Hobby stock action Saturday was both fast and furious as Abel Avila of Zion won both the trophy dash and the fast heat. The heat race was done in a record time for 8 laps of 2:22.43. Don Reuss of Grayslake won the main in comparative ease as his brother Tom and Chuck Chadwick both were out of the main.

But as they say, the race isn't over until the last lap, and it was a wild one as Ed Smith of Gurnee lost a front wheel which Chuck Bostick of Waukegan, running second, hit and pitched over the wall into the cyclone wheel fence.

Then Avila, running third, locked with Butch Mierendorf of Milwaukee, a lap behind, and

Outing Date Set Baseball

The Antioch Chamber of Commerce annual baseball outing will be held Wednesday, June 30.

The game will feature the Milwaukee Brewers in a two-night double-header with the Chicago White Sox at Milwaukee County Stadium.

Transportation is by chartered bus. Departure time is at 4:30 p.m. Game time is 6 p.m.

both crashed into the pit wall at high speed. The WEEF Radio stand was toppled by the impact and the ambulance was damaged.

Avila bolted from his car as the race continued and he and Mierendorf started throwing punches. Speedway officials separated the two and both will be running in the future under "final" warning. The final finish found Don Reuss the winner with Bostick second, Floyd Burdick of Racine third, Cheryl Arndt of Milwaukee fourth and George Garrett of Zion fifth.

The Whitman accident came at the green flag to the third hobby heat race. With the throttle jammed, the car slammed into the concrete first turn wall, flipped on its side, being caught and righted by the second steel rail and landed right-side-up on the track. Whitmore was unconscious and was rushed to the hospital, but preliminary reports indicate he suffered only shock and minor cuts on the right hand.

The hobby cars of Geen Pennington of North Chicago and George Davis of Chicago were also severely damaged in separate accidents.

SUNDAY RACES

Some feature races are run 30 laps, some 50 and several 100 laps each year at the Waukegan Speedway. A large crowd and Northbrook's Tom Jones found out Sunday night why some are the 100 lap distance as Jones slammed into the pit wall in the 85th lap with a half lap margin over Bob May of Gurnee.

Gaining the lead at that point May cruised home the winner with Bob Roper of Chicago in second place on the same lap followed by Jim Cossman of Waukegan and Al Gutche of Bristol, each one lap down, and rookie Gary Zobel of Mundelein two laps off the pace. Eleven of the original field of 18 were running at the checkered flag.

Another large field of hobby cars were on hand Sunday night with three heat races and a bonus consolation event required. The main event had four leaders

Bozeman In Wilmot Comeback Victory

Jim Bozeman, Waukegan driver on the IRA Super Circuit, is a driver who likes to win races after testing the competition. That's the way he won the 30 lap modified stock car feature on Saturday night at the Kenosha County Speedway as the IRA Supers started their four nights of Indy Speed Week Circuit racing.

The last race Bozeman won at Wilmot was in August of last year and he won that one after being passed and then regaining the lead from Whitey Harris, and Saturday night he was passed by Schill but came back to win the race with a close five car finish that had earlier seen Don Sorce running second but winding up fourth. Al Schill took second, Jim Sullivan third and Harris was fifth after being up to second earlier.

Bozeman had led until the 9th lap when Ray Dobbs, Milwaukee, spun and was hit by Bill Strom, Milwaukee, and Jr. Dodd, Waukegan. Al Schill had just taken the lead but on the restart it was Bozeman to the end but never without shaking off the bids by the four behind him. Harris had set fast time and had worked his way forward but just couldn't stay there when he was close.

A fifty-four modified stock car field and a 3750 house of excited race fans caused a five heat race lineup with heat race wins going to Ed Irving, Waukegan; Paul Cameron, Round Lake; Roger Schmitz, Milwaukee; Ron Bergsma, Richmond and Tom Anderson, Lake Villa.

Harold "Mouse" Wade of Gurnee won the twice stopped 15 lap semi-feature. The first was when Darv Niessen, Winthrop Harbor, crashed into the wall on the main straightaway. Niessen was driving his new car for the first time after taking over from car builder Denny McKay, Elgin, who had been assigned the car until last

and Chuck Bostick of Waukegan had to regain the lead with just two laps to go from former teammate, Tom Edwards of Zion for his first feature win of the year. This was just the third night for Chuck's new Ford, and he may be back in the race for the title. Tom Reuss of Wildwood was 8th in the finish with a back-up engine and Chuck Chadwick of Lake Zurich was 7th after leading briefly.

THE ANTIOCH NEWS - 5

Wilmot Car Racing Discussed By Fair Assn.

Jack Schnurr, Wilmot, member of the Kenosha County Fair Board, who has shared facilities with the Wilmot High School board in presenting stock car racing through the Interstates Racing Association, explained a recent announcement about the ban of stock car racing there.

His explanation was offered to nearly 4,000 fans before the Saturday night May 29 stock car races.

The school board wants to buy additional property from the Fairgrounds and then be able to devote that to full time school use that would make it impossible to use the facilities for stock car racing.

The effective date of the ban has been set for September 11, 1972 but the action was announced only after many meetings with the fair association and nearly 12 months ago plans started taking shape to build a new and more modern racing facility about 500 yards north of the existing site where racing has been annually presented for nearly the past 18 years.

The school board has also said

that if the proposed new track is not ready by the 1973 date, it would be possible to extend the termination date another year. Jack Schnurr said that depending upon final plans it might even be possible to switch the stock car racing activities to the new site prior to the September 1972 date.

The Interstate Racing Association has a contract for rental of the facilities from the Kenosha County Fair Association running through the 1971 season but there seems to be little doubt that the contract will again be renewed with IRA for the 1972 season and beyond.

Emmons Completes Season Undefeated

The Emmons Raiders completed their baseball season undefeated. Emmons dominance of the Big Six Conference is shown in some of the statistics compiled through the season.

The batting honors went to Jim January with his .545 average. He was followed by Ken Cash, .528, and Bob Dodd .523. Cash led the team in home runs with 5 circuit clouts. Cash also won the RBI honors with 16. Bob Bach and Ron Sheedlo were second with 8 RBIs each.

The team was led in the pitching department by Sheedlo, who compiled a 4-0 record. Bach captured the other win for a 1-0 record.

Emmons baseball record:

Player	AB	R	H	Ave.
Dodd	21	11	11	.523
January	22	10	13	.545
Mahar	14	7	7	.500
Bach	15	4	6	.400
Cash	17	11	9	.528
Schmidt	20	3	5	.250
Bodin	16	7	5	.312
Sheedlo	18	4	8	.444

Basketball Clinic To Run For 10 Days

A 10-day Antioch Summer Basketball clinic will open June 14, and close June 25.

Schedule for fifth and sixth graders is 12:45 until 2:15 p.m. and seventh and eighth graders

2:30 until 4 p.m.

The fee for the clinic is \$25. Applications may be sent to Roger Andrews, 696 Hillside Ave., Antioch, and Gary Allen, 565 Orchard St., Antioch.

All boys participating in the clinic will be covered by insurance, according to the sponsors. Instructors will be Coaches Andrews and Allen, who are varsity basketball coaches at the Antioch High School.

Instruction will consist of basic fundamentals, rules of the game, and game situations.

Boys are to furnish their own equipment. This should include white T-shirts, shorts, supporter, white athletic socks, and gym shoes.

Towels will be provided. Enrollment will be limited to 20 in each grade level. They will be accepted in the order in which applications and payments are received.

Airman George K. Kohlmann II, son of Mrs. Joan A. Martino, R.R. 2, Salem, Wis., has completed basic training at Lackland AFB, Tex. He has been assigned to Sheppard AFB, Tex., for training as a medical materiel specialist. Airman Kohlmann attended Central High School.

Millburn Grade School Students Study Flag Book

Millburn Grade School students were given books telling of the history of the American flag by the First National Bank of Antioch.

Some of the letters received by the bank from the students are:

Dear Bankers,
We like our new flag books. I like to read it. It tells about the Presidents. It also tells about the American flag. I'm seven years old.

Your friend,
Jon Albin

Dear Bankers,
We have been saving our money to put in a bank. I am in 2nd grade. I have 11 dollars. Once I lost my money for a year. I found it a month ago.

I like the flag story you gave us.

A friend,
Tom Hickie

Dear Bankers,
We like the books you gave us. The first day you gave us the books we read to ourself. Mrs. Anderson, our teacher, said we would read the books outloud. There were some good questions in the book. We enjoyed reading the books.

With love,
Rose Gunderson

Dear Bankers,
Thank you for the flag books. We like to do the quizzes very much. All of us did them. Everybody likes the book.

Your friend,
Robert Wall

Dear Bankers,
Thank you for the story of our flag. It is good to read. I like it very much. I like the story too. It is a very good story too.

Your friend,
Brenda Curtis

Dear Bankers,
We enjoy having those little booklets. The quiz is kind of hard, but we are studying it. We are going to read it some day. I like the Star Spangle Banner. The book is a nice little pocket book to carry around. If I don't know a word I go look it up. It is fun to read to each other.

Ann Tertie

Dear Bankers,
We hope you don't get robbed. Lots of people put money in the bank. They don't want their money stolen because they got to eat. Stealers will take money clean away.

Your friend,
Edwin Olson

Dear Bankers,
We like the flag book you gave us. We especially like the flag quiz. We ask other people a bunch of the questions. I like the different kinds of flags I looked at too.

Your friend,
Brett Sheen

Dear Bankers,
We are reading the books that you gave us. We like to read this book. Those books are nice and my dad likes to read them.

Your friend,
Andrew Denby

Dear Bankers,
We like your book that you gave us. It is very nice. We read it. We ask each other some questions that are in it. We like asking each other the questions in it. I read it a lot. So does every body else. It is a very nice book. There are many stories in the book. I like reading it. It is fun.

Diane Denman

Dear Bankers,
We like our books very much. I read out of my book alot. Most of the class read to each other. We got them yesterday. Our class wrote our names on the book. We read out of our books. There was enough books for our class.

Love,
Margaret Wirtz

Dear Bankers,
We liked your books. I gave my friend some questions and she didn't know them. My mother goes to Antioch Bank.

Your friend,
Laura De Rouse

Dear Bankers,
I thank you for the books you gave us. I read in them too. I like pages 5,6,7, because they have flags.

Your friend,
Mont Kay

Dear Bankers,
We like the books. I like the book because there is a lot of stories in it. And I like to give my friend.

Your friend,
Roberta Snell

Dear Bankers,
We all enjoyed the books you gave us. I am in second grade. I am 7 years old. I like the book you gave us.

Your friend,
Victor

Dear Bankers,
I am up to page 54. Which is the best page I've read. I think it is because I am interested in space.

Your friend,
Ricky

Dear Bankers,
We like the book that you gave us. All of us ask each other questions. It is very nice of you to give us. When we are done with all of our work I read it. I like it because it is fun to read.

Pam Foss

Dear Bankers,
Thank you for the book. I like it very much. The best paragraph I like is. The Flag Flies on the Moon. I gave my mom the flag quiz. She got five write and nineteen wrong. To her the simplest question was. What two words were added to the pledge? I have gone to your bank before.

Your friend,
Jimmy Weise

Millburn Honors...
(Continued from page one)
derson and Mr. and Mrs. Charles Gillit.

Although the whole service did not take an hour, for that brief time on a quiet Sunday afternoon you felt a real memorial had been paid to our fighting men.

Mrs. Lathrop Visits Aunt In Antioch

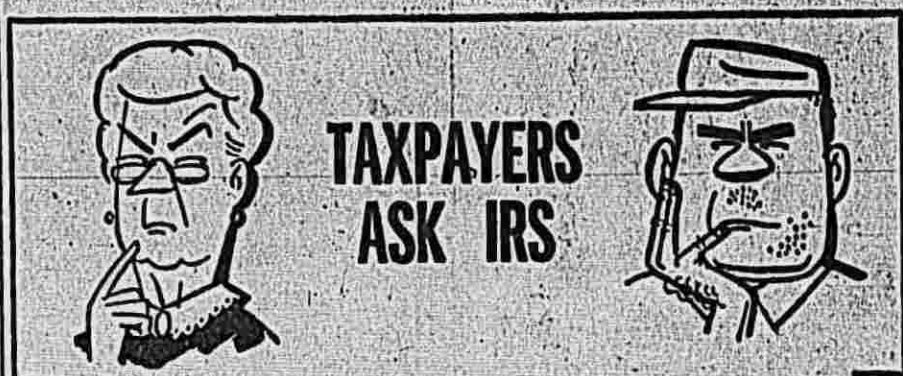

Mrs. Earl Lathrop is returning to Portland, Oge., after two weeks with her only aunt, Mrs. Ivah Aaronson.

Mrs. Lathrop's mother was Mrs. Evah Harrison, her aunt's twin sister. Their parents were George and Claris Clark.

They were born May 21, 1879, and were reared in Antioch.

Engagement Announced

Mr. and Mrs. Carl Heck of Evansville, Ind., announce the engagement of their daughter, Karen Sue, to Thomas W. Solar, son of Dr. and Mrs. Charles Solar of Antioch. They plan a summer wedding.

TAXPAYERS ASK IRS

Q—At what rate should I pay Social Security tax on my maid's wages for the first quarter of 1971?

A—The combined rate for 1971 is 10.4 per cent, 5.2 percent each for the employer and the employee.

The 5.2 percent rate should be used when filing your Form 942, Employer's Quarterly Tax Return for the months of January, February and March. The deadline for filing this return and paying the tax is May 3.

Q—Must I pay Social Security tax for the woman who occasionally cleans and babysits for me?

A—If you pay an employee \$50 or more in cash wages in a calendar quarter for household services, you must pay social security tax for the employee.

Household services include those performed by cooks, cleaning women, babysitters, and handymen.

The taxes apply to all cash wages paid during the quarter, regardless of when they were paid by the day, the week, or the month. Food, lodging, and carfare are not considered wages unless cash is given for these items.

Use Form 942, Employer's Quarterly Tax Return for Household Employees, to report this tax. The form and instructions are available at your local Internal Revenue Service Office.

Q—Last year some of my employees who had large itemized deductions on their Federal income tax requested additional withholding allowances on Schedule A (Form W-4). Is there an expiration date on Schedule A (W-4)?

A—Yes. On May 1 of each year you should discontinue the additional withholding allowance for each employee who has not filed a new Schedule A (W-4) together with a completed Form W-4 qualifying him to extend the allowance for another year.

Q—I am an alien working in the United States. I plan to re-

turn to my home this summer. I am told I must get a "sailing permit." How and where do I get this?

A—The certificate of compliance, popularly known as a "sailing permit," is an income tax form that must be obtained by most aliens before their departure from the United States. Generally you must file a form 1040C or Form 2063 to get a sailing permit.

The permit should be obtained from the District Director of Internal Revenue for the district in which you are located.

Additional information, including a list of papers that you might need when you apply for your permit, is available at your local IRS office. Ask for Publication 519, "United States Tax Guide for Aliens." Employees at your local IRS office will also help you to complete your forms if necessary.

You should obtain your "sailing permit" at least two weeks before departure but not earlier than 30 days. **DON'T WAIT UNTIL THE LAST MINUTE.**

Fishermen Safety Tips

Fishermen should think of safety as their fun won't be spoiled by an accident. Unfortunately, the unwary do get hurt or, worse, killed. The fishing accident toll is unknown. A large number of persons are injured each year from careless handling of fishing tackle and allied safety practices.

Promote these Safety Practices: suggests the Lake County Safety Commission on the danger of hooks—

1. Try not to carry fishing lines with hooks attached.
2. Don't fish too near other anglers.
3. Always keep the tip of your rod pointed toward the water.
4. Be careful when casting your line. Look behind you.
5. Handle with special care bait-casting plugs that contain clusters of double or triple hooks.
6. If a hook gets imbedded in you or one of your fishing companions, see a physician.
7. Never try to back a hook out of a wound. It's best to push the point of the hook through the skin, cut off the barb, then back it out.

On wading and walking—

1. Test each step in advance. Many streams and pools have underwater shelves or other drop-offs.
2. Remember that underwater rocks usually are slippery.
3. Watch your footing; slips and falls are responsible for many fishing-associated casualties.

On boat safety:

The 1969 Coast Guard report has recorded 229 deaths in boating accidents directly associated with fishing pursuits.

1. Check your boat for leaks or other defects before leaving shore.
- Take along life preservers, an extra oar or paddle and a bailing can.
3. Don't overload the boat.
4. Never stand in a boat or sit or stand on the bow or stern.
5. Be cautious in boarding and about changing places in a boat while in deep water. Better to come into shallow water first.
6. If your boat capsizes, stick with it. Small boats will support several persons for hours. Keep calm. Wait for help to arrive rather than try to swim to shore.

The Lake County Safety Commission asks you to heed these suggestions for a safe pleasant summer.

Overheard at a restaurant last week as a new waitress walked by: "Who said she was all thumbs?"

3 To Graduate From Illinois State June 12

Three Antioch students at Illinois State University, Bloomington, will graduate at commencement exercises Saturday, June 12. They are David Meyer of RFD 1; Dudley Sheehan, RFD 2; and Douglas Zale, RFD 1.

FUNERAL NOTICES

MISS KAREN SUE HANSEN
Miss Karen Sue Hansen, 19 years old of Silver Lake, Wis., passed away Saturday, May 29, from injuries received in an automobile accident on Siedschlag Road and Hwy. 173 near Richmond, Ill. She was born Nov. 8, 1951 in Kenosha and has lived in Silver Lake all of her life.

She was a member of the Silver Lake Community Baptist Church. Miss Hansen had graduated from Wilmet High School in June 1969, and was in her second year as a student at Mounds-Midway School of Nursing at St. Paul, Minn.

Survivors are her parents, Lyle Erik and Brosia E. Hansen, of Silver Lake; one brother, Erik Leo Hansen, Silver Lake; maternal grandmother Mrs. Olive E. Williams, Silver Lake; paternal grandparents, Erik and Etta B. Hansen, of Silver Lake, and her fiancé, Mr. Dale Swart of Pad dock Lake, Wis.

Funeral services were held at 1:30 p.m. Wednesday at the Silver Lake Community Baptist Church. Rev. Robert Mason of that church officiated. Interment was in Salem Mound Cemetery near Silver Lake. Funeral arrangements were handled by the Strang Funeral Home in Antioch.

THOMAS J. KOSATKA
Thomas J. Kosatka, 72 years old of Indian Point near Antioch, passed away Saturday, May 29, at Victory Memorial Hospital. He was born June 15, 1898 in Chicago and resided there until moving to Antioch in 1940.

He held membership in Bohemia Lodge No. 943 A.F. & A.M. in Berwyn and the "Low 12 Club" of that lodge. He was preceded in death by one brother, George Kosatka.

Survivors are two sisters, Mrs. Marie Kugle, of Antioch, with whom he made his home; Mrs. Helen (Harold) Vanus, Franklin Park, Ill.; one brother, Otto Kosatka, Chicago.

Funeral services were held at 10:00 a.m. Tuesday at the Strang Funeral Home in Antioch. Rev. Lisle J. Kauffman of Calvary Presbyterian Church at Round Lake officiated. Interment was in Bohemian National Cemetery in Chicago.

LEWIS LLOYD
Lewis Lloyd, 67 years old of Lake Shangi-La Subdivision near Antioch, passed away Saturday, May 29, at the Rolling Hills Manor Nursing Home in Zion, Ill. He was born Sept. 28, 1903 in Cadoxton-Barry, Wales and came to the United States in 1927 to reside in Maywood, and Prospect Heights before moving to Lake Shangi-La four years ago. He attended Antioch Evangelical Free Church. He held membership in the Painters and Decorators Local Union No. 101 in Chicago. He had been a painter and decorator by trade and had worked for Ruffalo House of Decorating in Kenosha.

He married Helena Simpson on August 6, 1927 in Pontypridd, Wales. Survivors are his wife Helena, one daughter, Miss Evangeline Lloyd, Salem, Wis., one son, Douglas Lloyd, Gallatin, Mo.; two sisters Mrs. Margaret (Rev. Evan) David, Oswego, Ore., and Mrs. Alice (Frederick) Simpson, River Forest, Ill.

Funeral services were held at 1:00 p.m. Tuesday at the Strang Funeral Home in Antioch. Mr. Bernard Fosmark of the Antioch Evangelical Free Church officiated. Interment was in Chapel Hill Garden West Cemetery in Elmhurst.

Millers Are Parents Of 8 Pound Boy

Mr. and Mrs. Roy A. Miller of Buda, Ill., are the parents of a baby boy born May 22 at 6:40 p.m. in Kewanee Public Hospital. Roy Allen Miller, Jr., weighed 8 lbs. and was 19 1/2 inches long at birth.

Welcoming Roy Allen home was his sister, Robin Lee Miller.

Maternal grandparents are Mr. and Mrs. Reed Brewer of Grove Spring, Mo. Paternal grandparents are Mr. and Mrs. Jerry Miller of Antioch.

Great grandparents are Mr. R. Sevic of Antioch, Mrs. Pearl Brewer of Woodland, Calif., and Mr. and Mrs. Frank Miller of Berwyn.
